

# INFLUENTIAL LEADERSHIP WORKSHOP

May 18-20, 2026 | San Diego, CA

## LEAD THE FUTURE OF AVIATION AND TRANSPORTATION

The aviation and transportation industries are changing rapidly. With shifts in workforce demographics, evolving technologies, and economic uncertainties, leaders must be equipped to guide their organizations through transition.

Led by change management expert, Mindy Price, this workshop is designed to help airport managers and transportation professionals strengthen their leadership and management skills—whether you're early in your career or a seasoned leader.

Participants will gain practical tools and new approaches to leading people, improving performance, and adapting to change. The course focuses on human capital leadership as the foundation for building high-performing organizations in a dynamic environment.

### *Why Attend*

Learn new leadership tools

Apply those tools to real-world challenges

Return to your organization ready to make an impact

# APPLIED LEADERSHIP WORKSHOP

June 15-17, 2026 | Oklahoma City, OK

November 2-4, 2026 | Daytona Beach, FL

## LEAD THE FUTURE OF AVIATION AND TRANSPORTATION

Led by change management expert, Mindy Price, this workshop is a think-tank style delivery which combines theory and practice. Participants will bring current, real-life scenarios to the class to identify solutions think-tank style through facilitated discussions with the instructor and the class participants.

Each person will walk away with a playbook of solutions and techniques to immediately apply in their role to address any issues or problems requiring their attention.

*This class requires graduation from the Influential Leadership course and also will require prework. Influential Leadership has been offered under other names such as Airport Leadership Development (ALD). Any 3 day course offered by Mindy Price will meet the prerequisite.*

### *Why Attend*

Expand your leadership toolkit

Strengthen team management abilities

Lead with confidence and drive results
