

## **South Central Chapter of AAAE: Committees Policy**

1. Background
  - 1.1. The Chapter originally adopted this policy in 2024 pursuant to recommendations of an Ad-Hoc Committee formed to research the role of corporate Chapter members serving as committee chairs.
  
2. Policy
  - 2.1. All Chapter members (corporate or regular) are eligible to chair committees.
  
  - 2.2. For the Airport Peer Review Council Committee, participation at events should be limited to regular (airport) members. However, the host airport director may invite/allow attendance by consultants or members of other membership categories at his/her discretion.
  
  - 2.3. Each incoming Chapter President should appoint all committee chairs intentionally and explicitly at the start of his/her term.
